Long before any such thing as a Venetian Strop was ever hatcht or thought on, were often publish'd the true Original Strops for setting Razors, Pen-knives and Lancets to a most exquisite fine Edge, and polishing them to an extraordinary Brightness, and had not these been known to answer the just Caracter given them through the whole Nation, the Venetian Author had never Aped 'em under a Sham Title, and had the Impudence to impose that Name upon those he knows to be the true ones first publish'd in England, therefore beware of those and other Counterfeits, the True ones being only Sold at John's Coffee-house in Sweething's Alley near the Royal Exchange, at 1 s. each, with directions fix'd to 'em, as hath been often mention'd in the Gazette.
